

Warning: Drug Smuggling is a Serious Crime

Many Drug Smuggling Cases were Initiated
by Friends or Acquaintances...

- 
- ✓ Have you been asked to carry someone's luggage, personal effect, or souvenirs?
 - ✓ Has someone offered you a free trip abroad in exchange for a favor?
 - ✓ Have you provided your name or address to a friend or acquaintance looking to have a package shipped to you?

Although these requests may seem innocent, they may also be signs that someone is recruiting you for drug smuggling purposes.

If you encounter any suspicious scene as listed above, please inform Japan Customs. The information will be kept strictly confidential.
