

Announcement from Ota Police Station

PREVENTING ACCIDENTS DURING THE WINTER

During the months of January and February, snowfall is expected along with accidents caused by ice on the roads.

Let's make sure to take necessary preparations beforehand to prevent accidents.

It is essential to check your car before driving.

- ✓ If your windshield is frozen, it may interfere with your vision and driving ability.
- ✓ Especially in the early mornings, you should make sure that you have clear visibility before driving.

Early preparation is absolutely essential.

- ✓ Make sure to change your tires to snow tires or have tire chains available when expecting snowfall or ice on the roads.
- ✓ It is very dangerous to change your tires to snow tires, or to put tire chains on the side of the road; it could cause traffic accidents or congestions.

Be careful when driving on roads covered with snow.

- ✓ Roads that are covered with snow (or frozen) are slippery and very dangerous.
- ✓ Please try to drive slowly, and steer/brake more gently than usual during snowfall and on icy roads.
