

# Sewerage Fees will change from June 2024 meter readings.

Ota City Hall (Sewerage System Division)

On April 1, 2023, the ordinance concerning sewerage fees was revised, however, because of the current state of the world economy, a one-year transitional measure was established and the new fees will be applied **from the meter reading in June 2024**. We ask for your understanding and cooperation in our sewerage program.

## 1. When Revised Fees will Apply From

- For customers with **even-numbered month** meter readings ➡ Applied from **June meter readings**.
- For customers with **odd-numbered month** meter readings ➡ Applied from **July meter readings**.

## 2. How to Calculate

USE	Wastewater Volume	Fees/Unit
<b>General Household Consumption charge</b> (Per 1 m <sup>3</sup> )	1-10 m <sup>3</sup>	110-yen
	11-25 m <sup>3</sup>	120-yen
	26-150 m <sup>3</sup>	130-yen
	151-250 m <sup>3</sup>	140-yen
	251 m <sup>3</sup> or more	150-yen
<b>Public</b>	1 m <sup>3</sup>	41-yen

Example: **45 m<sup>3</sup> is used in 2 months**

<1 <sup>st</sup> Month>	+	<2 <sup>nd</sup> Month>
23 m <sup>3</sup>	+	22 m <sup>3</sup>
10 m <sup>3</sup> X 110-yen = 1,100-yen		10 m <sup>3</sup> X 110-yen = 1,100-yen
+ 13 m <sup>3</sup> X 120-yen = 1,560-yen		+ 12 m <sup>3</sup> X 120-yen = 1,440-yen
<b>A: 2,660-yen</b>		<b>B: 2,540-yen</b>

**(A+B) + ( 10% Cons. Tax Rate ) = 5,200-yen + 520-yen = 5,720-yen / 2 months**

## 3. Why Revision is Needed

- Renewal costs are necessary due to the aging of facilities such as sewage treatment plants and pipes.
- Revenues from sewerage fees have been decreasing due to population decline and other factors.
- It costs 153-yen per unit to treat sewage, while the usage fee is 101-yen, the collection rate\* is 66%. With the revision, the average unit cost will be 120-yen, in which case the rate\* will be 80%. The government says the rate\* should be 100%. (Currently, the **shortfall** is covered by taxes.)

\*Collection Rate (of Sewage Treatment Cost): Percentage of how much of the cost of sewage treatment is covered by usage fees.
