

Be Careful When Using Social Networking Services!

Ota Police Station

What is SNS?

A social networking service is an online service that allows users to exchange information with other people across the world. Messages and photos can be easily posted through these services, such as Facebook and X, by using smartphones and devices. **However, while this is convenient, there is no certainty as to who is posting the information, whether the information is accurate, and that can lead to the risk of getting involved in trouble or committing a crime.**

Tips to Staying Safe on Social Media.

■ Do NOT send photos or videos.

Once photos or videos have been sent, those items cannot be retrieved from user the images or videos have been sent to, therefore, do not send any photos or videos that are not meant to be seen from a third party, or images that could compromise one's identity.

■ Do NOT meet with someone who you have met through SNS.

It is difficult and impossible to determine whether the person you have been talking to online is actually the person they claim to be. You should never agree to meet with people you have met online.

■ Do NOT post personal information.

Do not post any sensitive information (name, address, school name). In addition, do not send any photos that contain information of where it was taken.

■ NEVER insult others.

Do not post insulting messages that would inconvenience someone. Malicious messages can be punishable by law.

■ Do NOT view inappropriate websites.

There are many dangerous, harmful websites and scams, such as "Click Fraud" that children may fall prey.

■ Do NOT seek a partner.

There is a possibility that other users may impersonate someone other than who they claim to be, such as a girl / boy or famous person.

■ Do NOT be consumed by it.

Be careful of becoming engrossed in social networks and make sure our daily life is not consumed by internet use.
