Ota City Hall

Coordination and Screening

The city coordinates the available facilities and select the applicants for admission.

The city matches children to childcare facilities based on each family's circumstances based on the content of the application.

***For Certified Children Centers** which are originally kindergartens, kindergarten-type, quasi-authorized and small-scale daycare facilities, please contact each facility directly for information on application process and methods.

What facilities are available in the city?

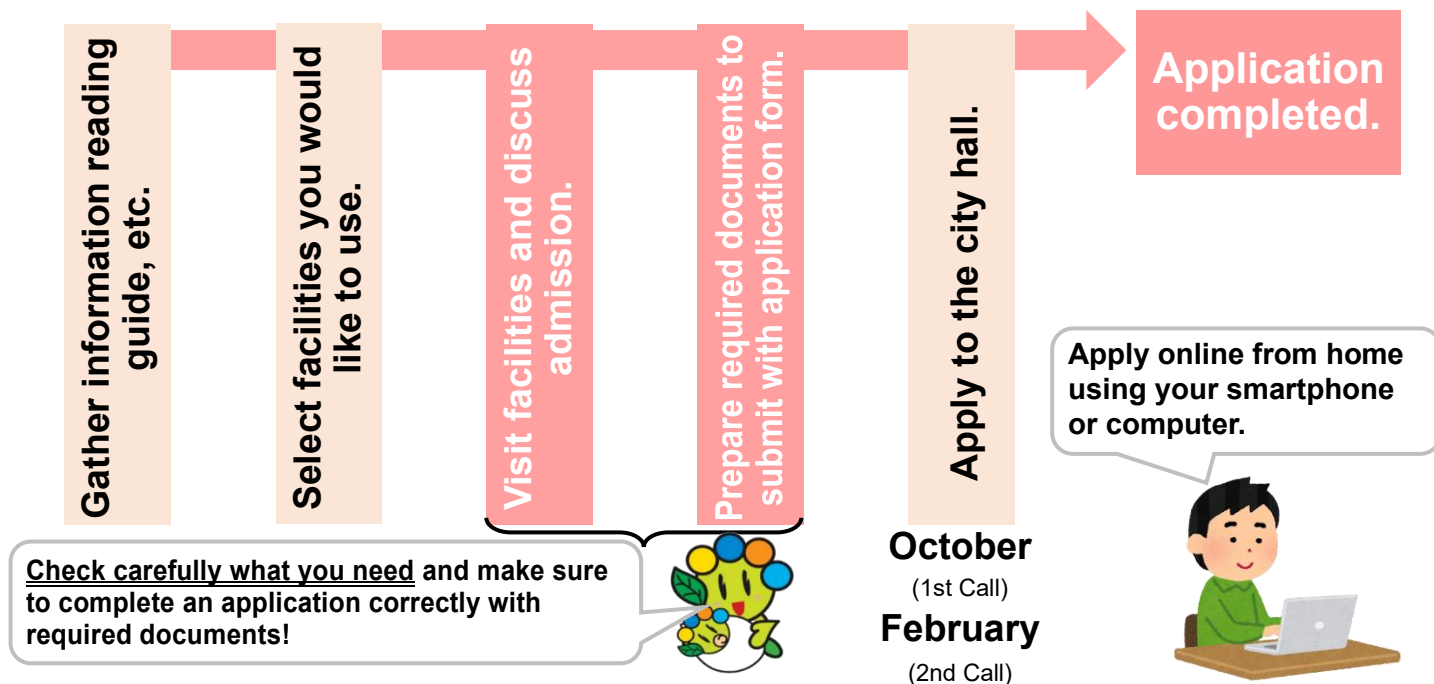

Education

Daycare

Please refer to the 'List and Map of Ota City Childcare Facilities,' →→→→→→→→ or pamphlets and websites of each facility.

Application Process [Nursery, Certified Children Center (originally nursery)] (**April-Enrollment** for the next academic year)

***For Certified Children Centers** which are originally kindergartens, kindergarten-type, quasi-authorized and small-scale daycare facilities. Please contact each facility directly for information on application process and methods.

Prepare required documents to submit with application form.

You must have all required documents* at the time of the application and submit them by the due date. Insufficient or incomplete documents may result in the application being rejected. **Please make sure to prepare well in advance.**

*The employment certificate or other documents to be submitted must be dated within three months prior to the date of application.

(1) Documents certifying the 'Requirements of Childcare Necessity'

E.g., Employment Certificate
Shuroushoumeisho

(2) Documents only if applicable

E.g., Disability Certificate
Shougaisha Techou

If you do not apply online but submit the application at the counter, please make sure to submit an 'Application form for Educational / Nursery Type Childcare Benefit Approval and Ota Childcare Facility Enrollment (Child's Childcare Register),' 'Health Condition Check Sheet' and 'Confirmation Sheet.'

Please refer to the 'Ota City Childcare Enrollment Guide' for details on required documents.

Some of the required documents, such as an 'Employment Certificate,' may be requested from a third party, such as your workplace. Please check and prepare them as soon as possible.

Preparation: Visit and Consultation at Facilities

Do I need to visit facilities before applying?

Yes, you must visit and consult with them about your child.

Childcare facilities in the city are ALL private, so the childcare policies, programs or equipment differ depending on the facility. Please find facilities that your child feels safe and comfortable. You can choose up to three facilities of your choice, however, please be aware that your first choice may not always be accepted.

Check when you visit facilities.

Please contact each facility directly for visits.

- Commuting (e.g., route and time, service hours, extended daycare and the fees)
- Facility (e.g., equipment, programs and activities, what your child thinks about)
- Health Consultation (e.g., your child's development, illnesses, allergies, how flexible they can be for your child)
- Anything they would like to inform prior to application.

Please use checklists on the following pages for your visit.

Frequently Asked Questions

What is the difference between kindergartens, nurseries, and certified children centers?

Kindergartens are facilities designed to provide education for children before elementary school age and nurseries are facilities that provide daycare in place of parents when parents are unable to care for their children at home for certain reasons. Certified children centers are a facility that provides both education and daycare.

Could you tell us any good facilities for my child?

The city hall does not introduce specific facilities. While gathering information from pamphlets and websites of each facility, please choose and apply for a facility (or facilities) with your own eyes from various perspectives, such as your family situation and your child's condition. For general inquiries (systems, types of facilities, how to apply, etc.), please contact the Children's Affairs Division at the counter or by phone.

Where can I check the vacancy of the facility?

For type 1 certification and certified children centers (originally kindergarten), please contact the facility directly. For type 2 and 3 certification, please check the city website or the city's official **LINE** account on the date of the announcement for each application schedule. Please check the further information at the end of this guide.

Can I apply for an unborn baby?

Daycare

No, you cannot apply or keep a space for a child before birth, so please apply after submitting the birth certificate.

Can I use services on Saturdays, Sundays, national holidays, New Year's holidays, or long holidays?

Daycare

Saturday daycare is also available, but please consult with the facility regarding hours of use. Sundays and holidays, daycare services *Kyujitu Hoiku* are also available. Please refer to the 'List and Map of Ota City Childcare Facilities' for their conditions.

How many months after birth can a 0-year-old child use daycare?

Daycare

For 0-year-old classes, the acceptable age of children varies from facility to facility, so please consult directly with each facility. In addition, some facilities may accept 0-year-olds for a shorter period of time than other ages.

What is an 'Adjustment Period *Narashi Hoiku*'?

Daycare

In order for your child to spend time in a group environment at a daycare facility, they must gradually become accustomed to the environment. As part of the adjustment period, daycare hours will be shortened for a certain period of time during the initial period of enrollment. Please contact the facility directly for details on the required period.

I would like my child to enroll in a daycare facility on my return from childcare leave. When should I apply for it?

If the period of childcare leave is shown on your employment certificate, an application can be made in advance to reserve a place in a childcare facility. For more information, please refer to 'How to Apply for Enrollment in Educational / Daycare Facility in Ota City and How to Use Them.'

My child has allergies and takes medication. Can they use services at a facility?

If your child has allergies, developmental delays in walking or speech, or illnesses, please check with each facility to see if they can accommodate your child's symptoms in a group environment before applying. If they cannot provide services, you cannot apply.

Can my child enroll in a facility in a neighboring city/town even though I live in Ota City?

Those with type 2 or 3 certification can attend in a facility outside the city (Wide-area Enrollment *Kouiki Nyusho*,). If you meet the conditions, please complete the procedures at the city hall.

If you wish to apply for certification as a type 1, please contact the facility that you would like your child to use the services directly, and complete the procedure at the city hall once you have been told that your child is eligible for admission.

Can my child transfer to another facility after an enrollment?

Yes, they can if there is a space at the facility potentially, however, you have to re-apply and go through another application process including screening.

Other frequently asked questions are found in 'How to Apply for Enrollment in Educational / Daycare Facility in Ota City and How to Use Them.'
