

Health Examinations for Adults

There are 2 different types of health examinations *Kenshin* that individuals can take: group examinations at various health centers, and individual examinations at medical facilities that offer them.

※ Please do not forget to bring your Medical Exam Ticket *Jushinken* and barcode seal. If you have not received the tickets, please call one of the health centers.

Group Examination *Shudan Kenshin*

Stomach, uterine cervical, or breast cancer examinations, and osteoporosis (bone density) examinations require advanced booking. Please call one of the health centers or make a reservation with the **LINE**. No booking is required for chest x-ray, so please visit directly at centers where the examinations are conducted.

Individual Examination (Examinations at medical facilities)

Booking varies depending on the medical facilities. (Call, visit, etc.)

*Please check the '*Kenshin no Oshirase* (Information on health examination)' for details (including group examination schedule, booking, available facilities) or the city website.
