

For Those People who Got the Shot of the COVID-19 Vaccine

After you got the shot of the vaccine, please don't go home right away. Have a seat and stay in the site for **more than 15 minutes**.

- Please be careful if you have the following symptoms **within 30 minutes right after you got the shot of the vaccine.**

Your skin itches.

You get reddened skin, etc.

You have stomachache.

You feel like vomiting, etc.

Your eye sights get worse.

You cannot see well.

You sneeze.

Your throat itches.

It's difficult to breathe, etc.

You look pale.

You are being in a haze. You feel faint, etc.

Please let the medical staffs know immediately in the vaccination site, if you have those symptoms while you are waiting there after you got the shot.

- **Please call the number below** if you have those symptoms **after you go home.**
