

Motor Vehicle Tax (Category Base) Essential Revenue for Our Daily Lives!

— **The deadline for payment is on May 31st (Monday)** —

Tax payments are an essential source of revenue and cover costs for basic daily operations, including welfare, health services, public facilities, etc. If you don't pay your taxes, our basic daily operations cease to fully function. For example, driving may become dangerous due to unpaved roads, potholes, etc. Please pay your taxes and help maintain our living environment.

The motor vehicle tax (category base) “*jidoshazei (shubetsuwari)*” is one of the most common taxes. These taxes are collected annually from anyone registered as an owner of a vehicle from the base date of April 1st. Individuals who do not pay cannot have their vehicle go through the mandatory automobile safety inspection “*shaken.*” Furthermore, if you file your vehicle for disposal, you will be refunded for the months it was not used.

A tax notice “*nouzei tsuuchisho*” for your motor vehicle will be mailed to taxpayers this year on May 1st. Payment is due on May 31st. You can pay at convenience stores, post offices, financial institutions, the Administrative Affairs and Prefectural Taxation Office “*Gyosei Kenzei Jimusho*”, etc. (please have your tax notice in possession).

You are able to pay through “Yahoo! Koukin Shiharai”(Yahoo!^{こうきんしはらい}公金支払い) by credit card.

◆ Smartphone apps (LINE Pay and PayPay) are also available for the payment.
